The Complete Cooking Light Cookbook - Goodreads The recipes in this book are really quite good--although having received Cooking Light in this format and also through magazines, I have to say that I like magazines much better. I also like pictures. There aren't many pictures. Lord I'm primitive. Cooking Light Complete Cookbook: A Fresh New Way to Cook ... This cookbook is awesome. I really like to figure out how to cook foods with lower fat, calories and all that without compromising on taste. The book has the greatest recipes as well as the greatest advice on how to eat healthier. I highly recommend this product to anyone. Great basic cook book but with the bonus of healthier cooking.
